The calling of the Methodist Church is to respond to the gospel of God's love in Christ and to live out its discipleship in worship and mission.

Do not be anxious about anything, but in everything, by prayer and petition, with thanksgiving, present your requests to God. And the peace of God, which transcends all understanding, will guard your hearts and your minds in Christ Jesus.

Philippians 4: 6-7

Empty Tablet blister packs – Did you know that these shouldn't go in your kitchen bin or sent to landfill?

Some of four churches have been collecting these and a few kind volunteers have taken them to Boots the chemist in Hinckley and Fossepark.

Boots created a recycle scheme where everyone can take empty beauty, health, wellness and dental products from any brand, that can't be recycled at home.

What happens to them after being recycled? – Once they have been dropped into the bins in the store, they'll be taken to MyGroup where the materials will be washed and sorted to be recycled where possible via traditional routes. For example, aluminium is infinitely recyclable and other remaining materials will be processed into MyBoard.

MyBoard is a construction board material that uses all the mixed material items that cannot be recycled by any other methods, it is similar to plywood and has lots of different uses.

So, by doing this we are all doing our bit to help keep our planet beautiful.

Reparative Justice: Get involved

How can the Methodist Church respond to its historical links to the transatlantic trade in enslaved African people and the ongoing impact today?

Join an in-person or online interactive event to explore the Church's history, consider how its legacy continues to shape our church and world, and discuss what meaningful action might look like now. These events are for anyone connected with Methodist churches and communities who would like to learn more, listen to different experiences and contribute to shaping the Church's response.
